Please write your check to Goodness Grows and place "MVCF Membership" in the memo.

We commit to providing the freshest, most flavorful produce possible – whole food grown in harmony with Mother Nature. We will identify the farm name and growing methods for each crop, which will be organic or chemical-free when available. Maturity dates and amounts will depend on weather conditions, but we plan to provide you with 5 to 10 produce items each pick-up, about enough for a family of four. Shares will be mostly vegetables with some seasonal herbs, fruit and flowers. Both share types receive the same amount of produce per Fresh Stop delivery. Weekly shares will get twice as much food than those who pick up half as often.

Farm fresh produce will be delivered to community "Fresh Stops" once a week from June 20 through September 30. Fresh stops are tentatively planned to be located at a community center, place of worship, or business near Canfield, I-680 and 224, Lincoln Park, and Wick Park. If you are interested in contacting a facility, list it here: \_\_\_\_\_.

Please circle or list the pick-up area that would be closest to you:

Canfield      I-680 and 224,      Lincoln Park,      Wick Park,      Goodness Grows  
Other:

Goodness Grows staff and interns will assist volunteers in setting up tables and operating Fresh Stops. Pick-up times will be the same afternoon or evening hours each week. If you are on vacation or unable to pick-up your share, please send a neighbor or friend in your place. Produce not picked up by a family member or friend, will go to feed the hungry.

Shareholders need to bring their own containers or bags to pick up produce each week.
